

Enterprise-Class Hosting at Small Business Prices

Customized Solutions

Whether you're looking for a secure colocation environment or a wide range of Cloud services, Unleashed Technologies' hosting experts will work closely with you to build a solution that is customized to meet your needs.

Our service is matched by the enterprise quality of our infrastructure. Unleashed Technologies hosting solutions are delivered from a Tier III data center that is SOC 2, Type II, and SOC 3 (SSAE-16) compliant, with N+2 redundancy to guarantee 99.999% uptime.

Our Data Center

Our data center employs current best-practices and advanced technologies to ensure:

- **Enterprise-class security** – Digital video surveillance, biometric scans, and a 24/7/365 manned Network Operations Center ensure only authorized individuals have access to servers.
- **Disaster recovery** – With strategic failovers and constantly monitored backup generators, our data center will continue to provide your business the service it needs after even the most extreme outages.

- **Rapid response** – Our support specialists are experts in hosting technology, providing round the clock infrastructure support, with guaranteed SLAs.
- **Eased scalability** – The unique configuration of our hosting environment enables you to easily expand without moving your servers.

Unleashed Technologies provides the following hosting solutions:

- **Virtual Private Servers** – Get the resources you need from a stable, secure environment.
- **Dedicated Servers** – Flexibility, scalability and performance to meet your business challenges.
- **Performance Hosting** – Optimize your web presence to improve user experience.
- **Enterprise Hosting** – We can fully customize and scale to meet your complex hosting needs.
- **Colocation** – Access our power, bandwidth, and data center resources while maintaining full control over your servers.

Unleashed Technologies has the environment and experience to ensure your hosting solution is right-sized to meet your needs and your data is highly accessible and secure. Contact us today to learn how we can help you unleash your business' potential.
